A police source claimed that the pair were beaten up after their prayer mat was turned into a target for Christians to attack.. Rajnavi Ki Chalo, Rai Chikka Tey Lyrics by: Poonam Dua Download Tamil Vid Songs Chiki Chakti.. Bollywood movie The Poonam Rani (Poonam Rajammaan) won a lot of international awards including Baavi Chatterjee Award, Best Foreign Language Film, International Critics' Choice award, Bollywood International Film Festival Awards and several film festivals. It came under consideration and released for digital distribution in 2012.The story about Poonam and her mother Veena in a peaceful village of Maharashtra lies within the confines of modern Tamil mythology: she was killed just before she was to appear on the screen due to the violence her character is subjected to on screen. She and her two daughters (Bhagwan, whose life is a lot different, and Veena, who died tragically) are forced to live in the village alone as they cannot share any house as it is a common place for children who are killed and their families who are involved in war.The film started life with a screenplay that took inspiration from the original Indian film The Princess and the Frog and it was also inspired by other contemporary cinema works, which include Mani Singh Bagh, Gangs of Wasseypur. This was not a simple adaptation of a classic novel. The filmmakers wanted to create an original narrative with an authentic feeling and atmosphere from which the film had a rich, rich and distinctive personality. Poonam's village life, however, also reflects the modern Indian psyche and her plight is not one from a different time or place. In some cases, she also reflects the hardships and tragedies that people still encounter in India. This is the heart of the story that the film shares.The Poonam Rani follows the story of the film's principal castmembers, Bali Rani, Gopi Rani, Sudhakari, Rupaul and Karishma. The film's script was written by Bali Rani and is based on the book of the same name. The film's cinematography is made up of the best known Indian cinematographers Anshuka Ramanathan and Shri R.K. Raghunathan. Poonam is played by Bollywood superstar Priya Dutta (Sudhakarrrao, Bhojpuri, Jai Sivaram, Dangal, Chhota Rajammaan). The sound design consists of Poonam's own compositions.The movie is directed and co-written by Poonam Raghunathan. The film's screenplay was written by Bali Rani and was based.
