About This Content

True to the spirit of the whimsical characters of the early console RPG, this second pack of 50 battlers by artist Tyler Warren brings to life a fresh new set of opportunities for any professional or amateur game creator.

Carefully crafted in a style comparable to the immensely popular Dragon Quest (Dragon Warrior) series, this bundle features monsters ranging from cute to colossal. Dragons, hulks, aliens, slimes, wisps, ogres, sea monsters, plants, mimics, and many other types of imaginative fantasy creatures come alive in this second set of 50.

This pack contains:

- 50 unique battlers
- Files are formatted for easy Plug and Play into RPG Maker VX Ace and other RPG Maker battle systems
- No need for editing; each battler is compatible with default battle backs or other backgrounds
- All 50 battlers are presented in sizes ranging from large to mini; let the slime be the boss with no scaling issues
- Battlers also come in recommended sizes (to scale), with a sampling of alternate color options
- Style similar in spirit to the classic whimsical RPG characters of Dragon Quest (Dragon Warrior)

Importing this resource pack is simple! Check out [our importing guide](#).
